(By Associated Press)  
Chicago, Sept. 1.—The United States government today was granted a temporary restraining order against six striking railroad shop crafts unions, their officials and members from interfering in any way with the operation of railroads and their properties. The order was granted by Federal Judge Wilkinson on application of United States Attorney General Daugherty and will remain in force until September 11, pending a hearing on the government's application for a permanent injunction.

Mr. Daugherty, in leading for the order, said that it was made necessary by the fact that there comes a time in the history of all nations when the people must be asked whether they have government or not. The underlying principle involved in this action is the survival and supremacy of the government of the United States. No union combination of unions under our law, directed to the government, to dominate the American people and deprive the American people of the necessities of life for then the government will destroy the unions. for the government of the United States is supreme and must en-

### FRANCE RESERVES LIBERTY OF ACTS ON LATEST MOVES

"Took Cognizance" of  
What Commission Has  
Done

### TO ACT INDEPENDENTLY Suggests Meeting of All Allies to Consider Reparations

(By Associated Press)  
Paris, Sept. 1.—The French cabinet today simply "took cognizance" of the decision of the reparations commission on the German moratorium question, neither approving nor disapproving it. It specifically reserved, however, "entire liberty of action" in case later developments made other action necessary.

The cabinet held that inasmuch as no moratorium had been granted Germany it could only "recognize" the situation but it insisted that a conference should be called, attended by "all the allies without exception" at which the questions of inter-allied debts and reparations should be fully considered.

Poincare Is Won Over.  
Premier Poincare was won over to the settlement yesterday only after the definite statement had been circulated in allied circles that independent action by France against Germany at the present juncture would be construed in London and Rome as nullification of the treaty of Versailles.

The first effect of the decision is to take the reparations question out of the hands of the commission for the present and to make it a matter of negotiation directly between the Berlin and Brussels governments. Belgium is left to determine what guarantees she deems necessary to acceptance of the short-term notes.

Should the two countries fail to agree on the necessary guarantees Germany is then required to deposit an unfixed sum of gold with some foreign bank approved by Belgium. It is believed, however, that a speedy agreement will be reached, as Herr Schroeder, the German spokesman, yesterday virtually promised M. Delecroix, the Belgian representative, that Germany would give any guarantees demanded.

The decision also anticipates an allied conference in the near future at which a reduction of the indemnity to about fifty billion gold marks, and the settlement by cancellation of the inter-allied debts will be undertaken. The reparations commission promises to consider at a later date Germany's request for a moratorium of several years' duration. This will be taken up after a new scheme for radical reform of Germany's finances, including the balancing of the budget, is presented to the Berlin government.

The relief granted at the present time is for the purpose of giving the commission time in which to complete the new scheme of reform and Germany the opportunity of carrying it out.

### Vigorous Attack on Four Courts Begun Says Dispatch

(By Associated Press)  
London, Sept. 1.—A vigorous attack on the Four Courts building in Dublin, scene of Rory O'Connell's spectacular stand against the free state troops, started this morning, according to a dispatch to the Press association. It is assumed here that the republicans are attacking the troops guarding the ruins of the building.

### THREATEN PRESIDENTS Families of Railway Of- ficials Are Being In- timidated

(By Associated Press)  
Chicago, Sept. 1.—Police and federal operatives here were under orders today to start a vigorous drive against radicals and agitators believed to be behind railroad wreck and bomb plots.

Activities here followed 24 hours of increasing disorders, bridge burnings and dynamiting of railroad property throughout the country. Disclosures of an alleged plot to kill three railroad presidents or kidnapping members of their families were made during the investigation of radical plots, according to The Chicago Herald and Examiner today. The three rail heads against whom the alleged plot was made were said to be the presidents of the New York Central Lines, the Pennsylvania system and the Chicago, Rock Island & Pacific. The home here of the ring leaders was said to be under surveillance and his arrest was expected.

Deportation proceedings against aliens arrested in connection with plots against the railroads are probable, authorities said.

### HOPE OF RESCUE OF GOLD DIGGERS IS FAST WANING

### Fifth Day Finds Rescue Work Far From Being Complete

(By Associated Press)  
Jackson, Cal., September 1.—Fears that rescue crews would pierce the depths of the Argonaut gold mine too late to save 47 entombed miners was growing this morning on the fifth day of the nerve-wrecking task of tunneling through several hundred feet of rock and earth. Officials agreed that the workings could not be penetrated before next week. The fire in the Argonaut shaft which imprisoned the miners last Sunday is believed to be virtually out, but huge timbers, saturated with oil, still smoulder and the heat below the 2,500-foot level is intensive. The boring operations to open a tunnel to the miners are in progress from the Kennedy mine adjoining the Argonaut.

In response to an appeal for rescue workers to take the place of men exhausted from their labors of the past four days, six helmet men and equipment of the United Comstock Mines company are being sent from Virginia City, Nevada, to Jackson, according to word from Reno.

The number of entombed men was fixed at 47 when mine officials today made public a corrected list supplementing an earlier one which contained 43 names. Twelve of the imprisoned miners are married, and if they perish 26 children will be left fatherless. There are two brothers, A. Leon and L. Leon, and a father and a son, Charles Oberz and Arthur Oberz.

### FACES DEATH IN CHAIR TO SAVE BROTHER'S LIFE

Gunman Confesses to a  
Crime Attributed to  
Others

### EVIDENCE NOT POSITIVE Two Boys Saved a Short Time Before Due to Go to Chair

(By Associated Press)  
Boston, Sept. 1.—From the safe confines of a Philadelphia penitentiary where he was serving a sentence for robbery, a hardened crook and gunman has stepped into the shadow of the electric chair—

To save two brothers convicted here of murder!

Like Jean Valjean in fiction, Jesse Murphy, 37, is bent on freeing the innocent, although he may sacrifice himself in the offering.

"I've been crooked all my life, but I'll be damned if I'll see two innocent young fellows suffer for what I've done," he said. "So he signed a confession that may be his death warrant."

On February 17, 1917, Edward P. Foley, manager of a Roxbury chain grocery store, was shot and killed by a bandit. Four nights later, Orday P. Hall, manager of another grocery store of the same chain in Dorchester, also was shot and killed.

Charles and George Rollins, of Roxbury, brothers, were arrested charged with the murders. Their old brother was nearly frantic with grief. They tried to put up an alibi. The prosecuting attorney broke it down. They were convicted on circumstantial evidence.

Looked Black for Boys.  
George was found guilty of the murder of Foley. Death is the penalty.

Charles was convicted of murder in the second degree. He was sentenced to life imprisonment. Led by the mother, the Rollins boys' friends started a long legal battle to save them. They applied for a new trial. But the supreme court denied the application.

It looked black for the boys—When Jesse Murphy entered the case he was serving a 12 year term for shooting and robbing a Federal Reserve bank messenger on one of Philadelphia's busiest streets. Friends informed him of the plight of the Rollins brothers.

Under the cloak of what was left of his conscience, he told what he knew of the Massachusetts murders. In a written confession he told how he killed Foley and what part he had played in the murder of Hall.

Defies Insane Charge.  
He did not know the Rollins boys and had never seen them. The government said that he was insane.

But Jesse Murphy defied the alienists to prove it.

The governor of Pennsylvania pardoned him so that he might be turned over to the Boston authorities for trial on the murder charges.

Now Murphy sits in the cell in the Charles Street jail—

Happy.  
"I'm going through with this—all the way," he says. "I stand by my confession as strongly tonight as the first night I made it."

"I'm going through clean, because I consider the conviction of the Rollins boys a terrible travesty on justice. I'm set on getting for those innocent boys something I never got myself—

"A square deal."

### HIGH FREIGHTS A HANDICAP TO CITRUS FRUITS

Sligh Says California Is  
Given a Decided  
Advantage

### CANNOT SECURE RELIEF Railroads Not Respon- sive to Needs of the Growers

(By Associated Press)  
Tampa, Sept. 1.—Florida is discriminated against in the matter of freight rates on citrus fruits, and appeals to the commerce commission, railroads and other sources which are calculated to render aid in remedying this serious handicap have failed in their missions, according to S. J. Sligh, of Orlando, one of the largest independent buyers and shippers in the state, who is in Tampa today, looking after property interests.

California has a rate much lower to points where Florida fruits have a good market; in fact, the cost of transporting the products to some places is so high as to be almost prohibitive, says Mr. Sligh.

California Rate Lowered.  
In discussing the matter, Mr. Sligh said:

"During the war period the blanket rate from California to New York and all eastern points and to Canadian points also was \$1.95 per 100 pounds. The rate has now been reduced to \$1.50, a reduction of about 30 per cent. California oranges are billed at 75 pounds per crate, and grapefruit, I think, at 72 pounds. (Continued on Page 4)

### BONUS BILL SENT BACK TO HOUSE ON FINAL AMENDING

### Still Confidently Expec- ed President to Veto Measure

(By Associated Press)  
Washington, Sept. 1.—Approved by the senate, 47 to 22, the soldier bonus bill was sent back today to the house, which passed it last March by an even greater proportionate majority. House leaders planned to send the measure to conference today under a special rule which would limit debate sharply.

Senate and house conferees will be the same as those on the tariff measure, but since there are few points of difference between the two houses on the bonus, the managers are expected to lay aside the tariff long enough to frame a report on the compensation measure. With favorable action on the report by congress the bill would be ready for the president.

Both friends and foes of the bonus claimed to find satisfaction in the senate line-up. Foes pointed out that this showed 33 senators against the bonus, or enough to prevent passage over the president's veto, should he disapprove it, as they confidently expect he will. On the other hand, friends pointed to the fact that the number of senators supporting the bonus on the roll call yesterday exceeded by one the necessary two-thirds majority of those present and voting to override a veto.

As amended by the senate the soldiers' bonus bill would become effective January 1, 1923, and would pro-

These events are open to all, and the only requirement is that the contestant appear at the ball park in time to take his place in the starts.

Ball Game Starts at 2

The first ball game will be between St. Petersburg and the Pals, starting promptly at 2 o'clock. Olinger will probably be the pitching selection of Manager Bradley and Lucas will be on the mole for the Pals.

In the second game which will be between the Pals and the Lake City Terors will start immediately after the game with St. Petersburg club. Lucas will also pitch this game and Manager Easterly will probably send Wolfe in against the locals.

It is expected that the largest crowd that has ever attended a ball game here will be present, the Lake City fans coming down on a special train. Hundreds are also expected to come from St. Augustine and other places.

### Babe Ruth Given 3 Days' Suspension

(By Associated Press)

Chicago, Sept. 1.—Babe Ruth was suspended for the third time this season by President Ban Johnson, of the American League, today. The suspension is for three days. The punishment is for Ruth's language to Umpire Connelley at New York last Wednesday.

### MURGUIA HAS TAKEN FIELD AND SECURES A FOLLOWING

Many Garrisons Have  
Deserted to Latest  
Outbreak

### VILLA OFFERS SERVICE Strong Forces Are to Be Sent Against the Rebels

(By Associated Press)  
El Paso, Texas, Sept. 1.—General Rosalio Hernandez, with forty followers, broke camp today at Mule mountain, 40 miles from Boquilla, Chihuahua, with the intention of moving to a point near Sierra Mojana, on the Coahuila border, where they plan to join the revolutionary army of General Francisco Murguia, according to information received last night by agents of Murguia.

It was also reported that General Petrolino Hernandez, former federal commander at Parral, had revolted and joined the new movement.

Several small garrisons in Coahuila have deserted and joined General Murguia, according to a personal representative from Murguia. A manifesto, Murguia is said to have issued, provides that the government he proposes to establish shall "avoid and disavow all the acts of the Obregon government, which compromise in any form credit or national sovereignty as well as other treaties that the Obregonistas entered into with private concerns, banks or foreign governments, as that regime is not the legitimate representative of the country."

Strong Force to Be Sent.  
San Francisco, Cal., Sept. 1.—Generals Manuel Lopez and Evaristo Perez have been appointed to take the field against General Francisco Murguia, who is reported in arms against the Obregon government, according to a press dispatch printed yesterday by La Prensa, a Spanish language newspaper, published here.

La Prensa also publishes a story from its correspondent in Mexico City that Pancho Villa, former rebel against the Carranza government, has offered his services to Secretary of War Francisco R. Serrano.

There is a long standing hostility between Villa and Murguia which dates back to Carranza days, according to the dispatch.

### Denver Police to Be Investigated Following Raids

(By Associated Press)  
Denver, Colo., Sept. 1.—Announcement that there will be a grand jury investigation of the Denver police department, filing of suit by one of the victims of the alleged swindlers caught in the last week's raid here in an effort to recover money the victim claims he lost and the disclosure of additional information as to the extent of the bunco ring featured developments recorded today by District Attorney Van Cise's campaign against alleged swindlers. The raids were made by Van Cise's assistants and state rangers without the aid of the police.
